

## 1.2 Quality Policy

Agriculture and Food Authority (AFA) aims to sustainably develop and promote scheduled crops value chains through effective regulation for economic growth, transformation and customer satisfaction.

AFA is committed to developing and maintaining a quality management system which conforms to ISO 9001:2015 International Standards.

In pursuit of this commitment, AFA has:

- Established and maintained a quality management system and continually improve its effectiveness and efficiency;
- Effectively communicated the quality policy at all levels within the organization and has made this available to relevant interested parties;
- Provided resources for implementation of the quality management system;
- Complied with applicable statutory and regulatory requirements.

AFA implements, monitors and regularly reviews this policy and related quality objectives for suitability in line with the changing needs and requirements of our customers and other relevant interested parties.
